

Sensitron Parts under Stop Shipment, Stop Production Order

This is as complete as we know from the databases we obtain. Any part number void of an NSN means the government has not assigned an NSN and has not directly purchased that part. All of the part numbers listed below (except as indicated) have alternative sources listed in QML-19500 (<http://www.dscclia.mil/programs/qmlqpl/QPLdetail.asp?qpl=19500>). Those part numbers where Sensitron is a sole source are denoted by an asterisk (*).
